QUICK GUIDE TO CARD MANAGEMENT FEATURES

Home Page:

Headings will be at either top or bottom of the Home Page depending on the type of phone you have (Apple or Android)

Accounts Cards Transfer & Payments Deposit More

Click on Cards

Add a Card to your Mobile Banking app

On the home screen swipe left until you see Add Card. Click on the add button and enter your card number. Follow the prompts to activate your card.

Enter your card number to begin registration.

Your card number is used to verify service eligibility. When the card number has been verified, you will be asked to provide additional information to verify your identity.

Turn card On or Off:

If you have more than one card swipe left until you find the card you are looking for

If you want to <u>temporarily</u> turn your card off use the toggle On/Off button. You can turn it on again at any time.
